

PER CAPITA OF TAXATION

For the Various Counties in the
State for 1906 Compiled in
Auditor's Office.

Frankfort, Ky., Feb. 12.—A compilation just completed, by Assistant Auditor C. E. Booe for the benefit of inquiring taxpayers and for information of the State Board of Equalization, now in session, shows the per capita of taxation in the various counties of the State for the year 1906, and the average amount of taxes paid by each individual in the Commonwealth to be \$1.27. This is based upon the census taken in 1900, the last taken in Kentucky, and the total amount of taxes collected from individuals on the work of the several County Assessors for last year.

The compilation shows that the people of Woodford county pay the largest per capita of taxation, they paying last year \$4.26. The smallest per capita is paid in the county of Elliott, which shows up with an average of but forty cents per individual. The average of the county of Jefferson is \$3.06.

The showing for each county in the State, according to the compilation, is as follows:

DELAY IN THAW CASE

Death of a Juror's Wife Leads to Postponement of Trial.

New York, Feb. 15.—Another tragic chapter in the history of the Thaw-White episode was written yesterday when grim death stepped in to halt the famous trial in its fourth week. The wife of Juror No. 11, Mrs. Joseph B. Bolton, passed away yesterday afternoon soon after her husband had reached her bedside. He had been summoned from the courtroom where the trial had been in progress for less than fifteen minutes. The formal announcement of Mrs. Bolton's death was made in court shortly after the hour set for the afternoon session, and Justice Fitzgerald immediately ordered an adjournment of the case until next Monday morning. The court also ordered, with the consent of counsel, that the other eleven jurors be given their liberty and no longer held together. He admonished the jurors to be guided by their honesty and their oaths, and not to read the newspapers or discuss the Thaw case with anybody.

BETRAYED OFFICE SECRETS

Big Colonial Scandal Being Aired
Court in Germany.

Berlin, Feb. 15.—The trial of Oscar Poeplau, formerly an assistant in the archives division of the foreign office and later transferred to the colonial bureau of the foreign office, has begun here. Poeplau is accused of taking official letters from the file of the foreign office and through an intermediary giving them to Herr Roepen, one of the Center party leaders in the reichstag. This is a part of the so-called "colonial scandal" which Herr Roepen and others of his party stirred up in the reichstag, charging the colonial bureau with mismanagement and favoritism.

Poeplau, it is charged, was dismissed from the public service on account of indiscretions and it is claimed that he took the documents and turned them over to the Center leader out of a spirit of revenge for his dismissal.

CONGRESSIONAL SUMMARY

Friday—A new high record in private pension bills was made by the house when 725 bills were passed in an hour and a half. The naval appropriation bill, carrying \$95,426,000, was then taken up. The senate passed the median appropriation bill, after which the army appropriation bill, carrying a total of \$81,500,000, was taken up.

Saturday—The house had under consideration the naval appropriation bill, while the senate was considering the army bill. Without a dissenting voice a bill appropriating \$12,500 toward the erection of a monument to General William Henry Harrison on the Tippecanoe battlefield in Tippecanoe county, Indiana, was passed. The appropriation is contingent upon the voting of an equal amount of money by the Indiana legislature.

Monday—Bills relating to the government of the District of Columbia were considered in the house. The senate passed the army appropriation bill, carrying \$81,600,000.

Tuesday—The senate occupied the day in argument on the bill granting the government the right to take an appeal on points of law in criminal cases. The District of Columbia appropriation bill, carrying \$10,724,532, was reported. After the passage of a number of bills under unanimous consent the house resolved itself into committee of the whole to consider the naval appropriation bill.

Wednesday—The senate passed the bill giving the government the right to appeal to the supreme court for a construction of the constitutionality of any law involved in a criminal suit. The District of Columbia appropriation bill, carrying nearly \$11,000,000, was passed. The conference report on the immigration bill was received and read, but action was deferred. The senate broke all records by passing 991 pension bills in one hour and six minutes. A message from President Roosevelt urging consideration of legislation affecting the public lands was received and read in both houses. Headway was made by the house in its consideration of the naval appropriation bill.

Thursday—The senate had under consideration the immigration bill and the agricultural appropriation bill. The naval appropriation bill occupied the entire time of the house.

JAPAN AND THE UNITED STATE

Mayor Schmitz and the San Francisco School Board Talk Things Over With President Roosevelt—The Japanese View on Exclusion Question.

Washington, Feb. 14.—The Japanese school controversy is settled insofar as President Roosevelt, Mayor Schmitz and the members of the San Francisco school board are concerned. An amicable adjustment of the question now rests with congress. If the amendment to the immigration bill proposed by Secretary Root, excluding foreigners who use their passports to secure admission to the United States "to the detriment of labor conditions in this country," is accepted by the senate and house and the immigration bill is passed at this session of congress, the San Francisco board of education will rescind its order establishing the Oriental schools unless the Japanese government agrees to a proposition for separate schools which will provide equal facilities for the Japanese children.

Mayor Schmitz and his associates had a conference with the president late yesterday afternoon and assured Mr. Roosevelt that the amendment to the immigration bill was entirely satisfactory to them. Secretary Root participated in the conference and made a report on his negotiations with the Republican leaders in congress and the Japanese ambassador.

While Mayor Schmitz and the members of the school board are still hopeful that Viscount Aoki, the Japanese ambassador, will agree to separate schools in California, they stand willing to rescind the order establishing the Oriental schools and again admit Japanese children to the white schools. Mayor Schmitz pointed out to President Roosevelt and Secretary Root the advantages that will be gained by the Japanese children if the Oriental schools are maintained and expressed a willingness to give the Japanese equal educational facilities to those given to the white children of San Francisco. If the Japanese government will agree to this proposition, the school board will establish a sufficient number of Oriental schools to accommodate the Japanese and will give the children individual instruction. Mayor Schmitz says that the Japanese make faster progress in the Oriental schools than they do in the white schools, and that in the mixed schools the Japanese only retard the progress of the white children.

STANDS ON TREATY RIGHTS

Prominent Japanese Paper Gives Its Views on the Subject.

Tokio, Feb. 11.—The Jiji in a leading editorial anent the San Francisco incident, expresses disbelief in the possibility of the adoption of a new treaty mutually restricting labor immigration as a solution of the public school controversy. The Jiji declares that it is aware that a large number of Japanese are going to San Francisco from Hawaii and that this immigration is causing jealousy on the part of white labor, but it contends that this is due to the imperfect provisions of the existing law, which might be remedied by an agreement on the part of both governments, but which should constitute an entirely separate subject of discussion as not concerning the present San Francisco dispute, in which latter Japan stands upon her treaty rights.

Held on Atrocious Charge

Chicago, Feb. 15.—Eleven men are under arrest at the Maxwell street police station, in connection with the murder of a girl known only as "Pauline," who was found dead in a yard at 478 West Fourteenth street. Kline, it is stated, after eluding the officers in Chicago, went to South Africa where he was kept under surveillance for several years and traced to Johannesburg. He returned to the United States only recently. He was taken before United States Commissioner Haley here and made bond in the sum of \$10,000 for his appearance before the federal court in Chicago.

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."
